The graph shows three energy levels: 1S (bottom), 1R (middle), and 1Q (top). The 1S and 1R levels are parabolic, while the 1Q level is a flat line. The 1S and 1R levels intersect at a point on the 1R parabola. The 1Q level intersects the 1R parabola at a point that is higher than the intersection of 1S and 1R.
